RIDES AND SCHEDULED MAINTAINENCE

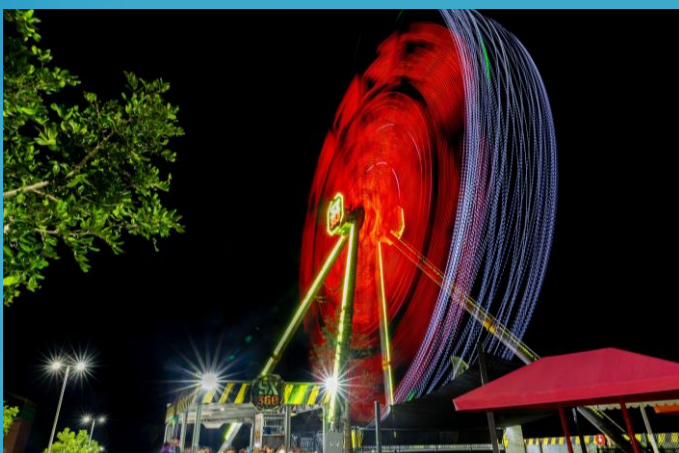

At Aussie World, safety is our highest priority. To ensure the highest standards of safety and quality, we conduct regular monthly maintenance as required by legislation. We carefully plan this maintenance to minimize downtime and keep the fun going. While we strive to have all rides operational, there may be closures due to routine and unexpected maintenance. As such, we cannot guarantee the availability of specific rides for your event night at the time of booking – you can check out our current schedule by visiting <https://www.aussieworld.com.au/ride-status>.

SECURITY

Please be aware that all night-time events require mandatory security, and the number of guards required will be dependent on your final numbers. This will be an additional expense to you. For your information, cost is between \$62 and \$87+ GST per guard, per hour depending on the day of the event.
